

Your Mom *Vision*

MODULE 8: THE CLEAR PICTURE OF YOUR FAMILY'S FUTURE.

Your Mom Vision is what you want to see happen in the future. It's a statement of your ideal family written as if it's already happened (ie. *a connected family of humble and noble people who follow Christ.*)

Before you write your Mom Vision (in 12 words or less) answer these questions:

1. What do you want each one of your kids to say about you?
2. What character trait would you like them to see in you?
3. What did you teach or model for them?
4. What times together would you want them to remember?
5. What difference would you have liked to have made in their lives?
6. How have they been affected by the strengths of your Mom Type?
